

are delighted to announce

# The International Conference of Adolescent Health 2019 Coming of Age

18-19 September 2019 | Windsor, UK

*"The world now has more young people than ever before – of the 7.2 billion people worldwide, over 3 billion are younger than 25 years, making up 42% of the world population. Around 1.2 billion of these young people are adolescents aged 10 to 19."*

*World Health Organization,  
2018*

# Save the date!

Two-day conference aimed at clinicians and researchers, focusing on adolescent health issues and solutions with influential plenary and keynote speakers, contributions from young people, workshops and networking opportunities.

18-19  
Sept

**18-19 September 2019, Old Windsor**  
**at the prestigious De Vere Beaumont Estate**  
*All inclusive rates available*

Home of Windsor Castle, recently featured in the Royal Wedding, Magna Carta Monument and Park, John F. Kennedy Memorial and more, Windsor is a stunning concentration of history, royalty and prestige in a fantastic setting.

This is a great opportunity to discover what this exceptional location has to offer.

# Why this is an exciting event...

## Meet some of our speakers

**Professor Russell Viner** @RCPCHPresident

*President, RCPCH*

*Professor of Adolescent Health at the UCL Institute of Child Health in London, Director of the Department of Health Obesity Policy Research Unit*

**"Young adults aren't big children nor are they little adults; they are a unique subgroup of the population and need to be treated as such."**

**Professor Deborah Christie** @drdebs2110

*President, SAHM*

*Professor of paediatric and adolescent psychology  
Consultant clinical psychologist/lead at University College London Hospital's NHS Foundation Trust*

**"This is why we get up every day, to advocate for every adolescent around the globe to get what they need to be successful."**

**Professor Vikram Patel**

*The Pershing Square Professor of Global Health at Harvard Medical School*

*Wellcome Trust Principal Research Fellow*

**"If some of our adolescents are failing in education, developing mental health problems, or getting into trouble with the law, it only means we have failed them as a society from their earliest years of life."**

**Professor Maria Trent** @MariaTrent5

*Pediatrician and adolescent medicine specialist in the faculty of the Johns Hopkins University Schools of Medicine, Nursing, and Public Health in Baltimore*

**"Health professionals must become more powerful on behalf of young people to help them reach their full potential." "#teensrock"**
