

March 2020

Partners in Paediatrics want to do everything we can to ensure we prevent the potential spread of COVID-19 to each other and as such are taking some additional steps to make this happen.

This means we have agreed that:

All group meetings are to be held virtually or over the phone – there will be instances where this is not possible and will need to be agreed on an individual basis.

All external meetings/conferences/events cancelled, unless you can attend virtually.

**Mary Passant and the Core Team, stay safe**
